

Petroglyph Trail (Continued)

Jack loves his Salsa & Chips!

Matt, Dave & Paula suggested that we visit the Florence Museum, directly across the street from the restaurant.

When museum caretaker, Christine Reid sees the 13 of us walk in the door, she offers to give us a free tour.

Dave poses next to the nooses used to hang the worst of the convicted felons at Florence State Prison. Each noose was specially made for each prisoner, based on weight and size. After the hanging, the noose was cutoff and the prisoner's photograph was placed in the center of the loop and put on display.

Christine did a fabulous job educating us on the history of Florence and was more than happy to join us for a group photo.

Thank you, Mr. Bill and Amy for a good breakfast and an enjoyable day!

FUTURE TRIPS & EVENTS

Apache Trail

Trip Leader: Steve Ezzyks

Contact # 480-629-4054

When: Sunday, June. 23rd

Where: Meet at the Lost Dutchman museum at 8:30 with pull out time at 8:45.

Direction to Lost Dutchman Museum: Take Hwy.60 East to Exit 196, Idaho road. Take a left on route 88 East. After 2.2 miles, take a right onto 88 east. Go 3.2 miles to the Lost Dutchman museum. This will be the staging area for the group at 08:30 for a 08:45 pull out.

Details: This trail is easy but very scenic you do not need a 4 wheel drive vehicle but high clearance is good for the dirt road. It will take about 40 minutes to get to Tortilla Flats. There we stop for breakfast and check out the museum or shops. That will make it around 09:25. We will leave there about 10:40 am.

The next stop will be when we hit dirt road, so anyone that wants to air down can. The next stop is an overlook with restrooms which should be around 11:15. This stop will be about 20 minutes, pulling out at 11:35.

The rest of the trip will take about 1 hour so we should be at Roosevelt Dam at 12:35. After checking out the Dam you can take RT 188 South to Globe or North to Payson. I will be going South to Globe heading back to Mesa which should take about 2 to 3 hours. Times may vary on the size of the group.

Lake County

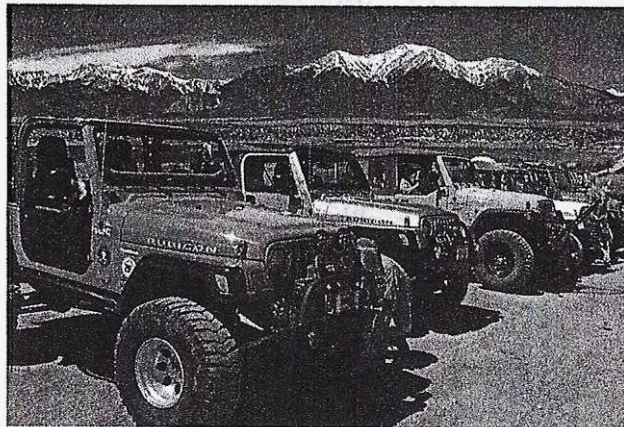

Leadville, the county seat of Lake County is the highest incorporated city in the United States and brags some of the most mild weather conditions year round. The county is known worldwide for its amazing history, particularly from the mining boom era of the late 1880's and turn of the century. With spectacularly clean air, the purest water in the nation, and enough year round activities to keep visitors entertained for days on end, visitors are known to return to Lake County year after year for new adventures and good old fashioned western hospitality.

Fun Days 2014...

let's make it a success also!

Plans for next year's Fun Days are well on their way. The Food Crew has the main course planned already! The Raffle Squad is organized and ready to go. Our "Master of Ceremonies" has agreed to bring the wood again (and maybe another burner for the raffle!).

Raffle prizes: Lori Moore, the Loseys and Ann Johnson are on the Team...a tough job but they have shown they can do it and do it well..

Firewood: Bob Nyberg said he would haul out the firewood again!

Let me know what you want to do! Be thinking of places you would like to hold the event also. Bill and I are checking out a couple places but probably will not have the info ready for the May meeting.
